

Knit Me: Privacy policy

Welcome to the Knit Me app for Android!

This is an open source Android app developed by poovint. The app is also available on Google Play.

To the best of my knowledge and belief, this app is not developed to collect any personally identifiable information. All data (photos, patterns) created is stored on the user's device only, and can be simply erased by clearing the app's data or uninstalling it.

Explanation of permissions requested in the app

| | |
|--|---------------------------------------------------------------------------------------------------|
| | <pre><uses-permission android:name="android.permission.INTERNET" /></pre> |
| | <pre><uses-permission android:name="android.permission.WRITE_EXTERNAL_STORAGE" /></pre> |
| | <pre><uses-permission android:name="android.permission.READ_EXTERNAL_STORAGE" /></pre> |

| Permission | Why it is required |
|--------------------------------------------------------|------------------------------------------------------------|
| <code>android.permission.INTERNET</code> | Permission is needed to access the Internet |
| <code>android.permission.WRITE_EXTERNAL_STORAGE</code> | Permission to save the generated pattern. |
| <code>android.permission.READ_EXTERNAL_STORAGE</code> | Permission required to read photos to generate the pattern |

If you find any security vulnerability that has been inadvertently caused by the app, or have any question regarding how the app protects your privacy, please send me an email or post a discussion on GitHub.

Yours sincerely,
poovint
